three hundred miles south of Denver, for an injunction to prevent the Santa Fe company which provides for bringing the bill forth-

The speakers in favor of the bill were Sentors Thurman, Beck, Garland, Maxey, Hereord, Coke and Pendleton. Senators Bayard, Eaton and Kernan, made the principal speeches in opposition to the bill. The merits of the bill were debated only incidentally. There was no hope of the changing of opinions concerning it, but the question of the probable effect of it- passage by the senate, in connection with its anticipated veto by the President, was the subject by of very animated discussion. On one hand it was argued that the effect would be to give increase I strength to the Democracy in the west, and especially in the

establishment of the double standard in this country by deferring the present measure unthe next acssion and thus avoid an alleged breatened embarrassment to the efforts bready in progress to establish an internaonal and common ratio of values between the two precious metals. The indications in the caucus to-day were that at least eight or nine democratic senators will vote against Senator Coke's pending resolution, and it will there-

Important Decision. NEWPORT, R. I., June 9.-The suprem ourt to-day rendered a decision in favor of John N. A. Griswold, president of the Ch cago, Burlington and Quincy railroad. Sitting Bull on the War-Path. ST. PAUL, MINN, June 9.—A Fort Keogh letter to the Pioneer Press has the story of a scont from Sitting-Buil's camp. He says: The chief has gone with six lodges to the Saskatichewan country. Before going, he advised his band to come to terms with the overnment and return to the United States. Now three hundred lodges are encamped on the boundary line, hunting buffalo on this They say they are determined to hold

Infallibly Cure all Skin and scalp Dis eases, Scaly Eruptions, Itchings, and Irritations. The testimonials of permanent cures of Skin and calp Diseases which have been the torture of a Scalp Diseases which have been the torture of a lifetime, by the Cuticura Remedies, are more wonderful than any ever before performed by any methods or remedies known to the medical profession. Cuticura Resolvent, a powerful Blood Purifier, is the only purifying agent which finds its way into the circulating fluid and thence through the oil and sweat glands to the surface of the skin, thus destroying the poisonous elements with which these vessels have been daily charged.

Cuticura, The Great Skin Cure applied externally, arrests all unpatural or morbid growths which cover arrests all unnatural or morbid growths which cover the surface of the diseased giands and tubes with Scalr, Riching and Irritating Humors, speedily it re-moves them, leaving the pores open, healthy and free from diseased particles of matter. Thus internally and externally do these great rem-edies act in conjunction, performing cures that have astonished the most noted physicians of the day.

SALT RHEUM FOR 30 YEARS On the Head, Face, and Greater Part of the Hody, Cured.

Part of the Hody, Cured.

Misses. Weeks & Potter-Gentlemen; I have been a great sufferer with Salt Rheum for thirty rears, commencing in my head and face and extending over the greater part of my body. I have taken gallons of medicines for the blood of different kinds and tried good physicians, all of which did me no good, and I came to the conclusion that I could not be cured. But a friend called my attention to an article in the Union on skin diseases, and I got a box of Culicura. The first application was a great relief, and the third took the scales all off, and I felt like a new man. I have used three 50 cent boxes, and my skin is smooth and I consider myself entirely cured. Hoping that this may be seen by some one afflicted as I have been (if there is any) is my earnest wish. And I cheerfully recommend it to all persons afflicted with like diseases. all persons afficted with like diseases.

Yours truly, H. WILSON LORD,
Agawam, Mass. Sept. 9, 1878.

The Outlears Soap should be used for cleaning all diseased surfaces, as most soaps are injurious to the skin.

LEPROSY. A Modern Miracle-Astonishing Results from the Use of Cutieura.

Messes. Weeks & Potter.—Gentlemen: We have a case of leprosy in our poorhouse which is being cured by your Cuticura remedies. The county had employed all of our doctors and had sent to New York for advice, but to no avail.

The patient commenced using the Cuticura and immediately began getting better.

He had been confined to his bed for two and one-balf years. Had not had his clothes on during this time! Last week he dressed for the first time.

When he walked, there would at least one quart of scales come off of him.

This happened every day.

We think it is a wonderful cure.

We do not say he is cured, but he is in a fair way to be cured to say the least. Yours truly.

Washington, June 9.—The Democratic members of the senate assembled in caucus soon after the adjournment of that body this afternoon, and remained in private consulta-tion for nearly three hours. The caucus was called at the instance of the friends of the Warner sliver bill, with a view to convincing their colleagues that, in a party point of view, it would be desirable to procure final action upon that measure by the senate during the present session. As a means to that end, it was suggested that the Democratic members of the finance committee should agree to report back the bill immediately, without recommendation, or that otherwise with before the senate by discharging the committee from its further consideration. It was not proposed to make the bill a caucus measure, except to the extent of insuring prompt action upon it. But the discussion to-day developed such an immovable opposit tion to the bill on the part of some senator and such irreconcilable differences of opinion as to the question of expediency involved in the suggestion above noted, that no proposi tion whatever was pushed to a vote, and consequently the caucus adjourned without tak-ing any action and without its members beng any nearer an agreement than when they
